Yesterday at 8.00pm in la Mola's Casa del Poble, CiF presidency, tax office and rural affairs councillor Bartomeu Escandell was joined by Joan Mercant and Toni Garau, Palma's director and head of fishing, in shining light on the operating model and other details behind the new Punta de sa Creu marine reserve.

The meeting was essentially geared for residents of la Mola and es Caló, who account for the fishing site's most frequent users. The gathering was islanders' chance to hear about management of the reserve and how changes will affect professional and recreational fishermen in the area.
