The Formentera Council youth services department will conduct enrolment for the island's 2019 summer school programme—the Escola d'Estiu—from Wednesday 15 June to Tuesday 21 June. Applications may be submitted in person at the Citizen's Information Office, or OAC, Monday to Friday between 9.00am and 2.00pm, or online on the OVAC (www.consellinsularde formentera.cat). The order in which families register does not determine priority.

To enrol, children must be aged three to twelve or have been born between 2007 and 2015. A selection may be made at signup depending on whether a child wishes to attend activities at sites at primary schools in Sant Francesc, Sant Ferran or la Mola. For families living on the island and included on the municipal padró, monthly tuition is €140 or €220 for two months. The summer programme runs 1 July to 30 August and weekdays from 9.00am to 2.00pm. For an extra €25 per month, children have the option to make two weekly visits to the swimming.

Social welfare councillor Vanessa Parellada described the programme as designed to offer “educational leisure activities for children in a fun, adapted environment” and create an alternative for parents looking to “balance work and family during the summer months”.
