

The sports department of the Formentera Council has announced they have begun accepting applications for grant money as part of Esports 2018, a programme to fund local clubs and associations geared towards sport.

The idea is to help associations develop and carry out seasonal activities (assistance with sign-ups and membership documentation, trainer costs, equipment, etc.) and help ensure their success by proposing mediation and consulting on subjects like business administration and facilities management.

Esports 2018 is a €80,000 programme funded by the Council. This year marks the second the administration issues the call for applications earlier than in years past in an effort to guarantee advance payouts—an anticipated 50% of the total—can be sent before the start of the 2018/2019 season.

The deadline is July 12 and applications must be submitted to the Citizen's Information Office (OAC). More information, plus application forms, can be found at the Formentera Council website and at www.esportesmes.org.
