

The Consell de Formentera and Department of Sport report that from 16 September, islanders who visit the municipal pool for open swim or Poliesportiu Antoni Blanc for weight-training will find the doors open at 7.00am—45 minutes earlier than the normal time.

The decision was based on feedback from facility users, who put earlier opening hours at the top of requests. Activities wrap up at the usual hour, 9.30pm, and doors at both the fitness centre and pool are locked at 10.00pm.

On Wednesday 11 September enrolment begins for municipal sport camps. Programmes this season include tennis, swimming, archery, athletics and sailing. Registration deadlines and scheduling information will be announced in the coming days.
