

The social welfare department of the Formentera Council announces it will begin accepting applications from associations with ties to distinct regions, immigrant groups, and other not-for-profit entities which develop activities related to immigration or work directly with immigrants to develop programmes and strategies to promote immigrants' welcoming and integration.

The deadline for applications is July 9. Assistance will be granted on a competitive basis.

Associations interested in applying should contact the Council's social welfare department by calling 971 32 12 71.
