

The social welfare division of the Consell de Formentera reports that this Wednesday 23 October the Casal d'Entitats will host an information session about volunteering.

Details will be provided about new legislation governing volunteer work in the Balearic Islands, efforts to create a local volunteer corps in compliance with the new rules, and workshops on 22 November and International Volunteer Day on 5 December. The info session is geared toward not only comapnies that work with volunteers, but regular islanders who work as voluneers themselves. For more information, contact rmi@conselldeformentera.cat
