

The Formentera Office of Citizen Participation reports that voting for 2022 Participatory Budgets has been extended. Taking into account the recent bank and school holidays, voting, which was due to end yesterday, has been extended until Tuesday 3 May.

In the days ahead, Consell d'Entitat members will convene for the third and final session of the Participatory Budgets initiative. Local associations must choose among 29 projects submitted. The Consell de Formentera has set aside €325,000 to finance the projects selected by associations.
