The LGTBI arm of the Consell de Formentera announces that the island’s government will add its name to an initiative included in the “V for visible” campaign of the National Federation of Lesbians, Gays, Bisexuals and Transsexuals’s (FELGTB) working group for policies affecting lesbians. The aim of the initiative is to increase the visibility of lesbians during confinement and offer a window of support to lesbian women.

A virtual exhibit dubbed “Lesbianes visibles” will be staged on Sunday 26 April, a day which has been dedicated to lesbian visibility. Anyone interested in participating is encouraged to send a selfie with a message of support for the group and to forward it to lallavedelarmario@gmail.com. Entries will be posted to the @FELGTB Instagram account between 12 noon and 2.00pm on the Sunday of the event.

Discussions are being organised to invite reflection about the role and visibility of lesbian women in areas like education, sport, culture and feminism.
