

The Formentera Office of Heritage, in partnership with the Consell d'Eivissa, presents the publication from the 2004-05 winners of the Consell de Formentera research grant. "Els gèneres cantats a Eivissa i Formentera" ('Genres of song on Eivissa and Formentera') was a research investigation led by Cati Marí Serra and Jaume Escandell Guasch. The presentation will take place at 7.00pm on Saturday 23 October in the Consell de Formentera Sala d'Actes.

Marí and Escandell's grant was awarded by what was, at the time, the Consell d'Eivissa i Formentera. A presentation will also be staged this Friday at Sa Nostra Sala of Eivissa.
