

The Formentera Council Office of Culture wishes to announce details of a performance this weekend by local dance troupe Es Pastorells, where they will share a popular island culture with crowds on Menorca.

The company is shipping out for a Saturday demonstration of *ball pagès* (country dance) in a Ciutadella theatre. Members of folk group Tramuntana have been enlisted to show visiting Es Pastorells dancers the island and some of its customs. The troupe from Menorca will return the favour with a springtime visit to our island.

In an effort to spread culture within the Balearic region, the Formentera Council financed Es Pastorells' travel costs for the engagement, which came to €2,216.
