

The Consell de Formentera has received a grant under the Reactiva programme of the Employment Service of the Balearic Islands (*Servei d'Ocupació de les Illes Balears, SOIB*) to boost local employment.

The €95,928.60 grant will enable local government to hire seven jobless islanders, with recruits expected to begin their six-month contracts from December.

Profiles sought during current round of SOIB Reactiva:

Line 1: open to unemployed under-30s

- One sociocultural activity leader
- Two administrative assistants
- One multi-purpose operator

Line 2: open to over-30s in situations of long-term unemployment

- Two people for the cleaning service
- One multi-purpose operator

Interested parties can register by visiting the SOIB website and selecting the corresponding offer between 14 and 21 November, both inclusive.

In 2022, the SOIB's Reactiva programme is financed with state funds through the Sectorial Conference of Employment Affairs and as part of the Employment Shock Plan, which is part of the Reactivation Plan of the Balearic government.
