

The Formentera Office of Tourism is pleased to present this year's "Discover Formentera in May" campaign, in which the Consell co-organises events and activities for visitors who also receive big discounts on ferry tickets, car rentals and accommodation as well as other low-season perks.

"May is an ideal time to come to spend a few days on Formentera," explained Alejandra Ferrer, Vice-President and Councillor of Tourism, "and if we add to this all the advantages in place at the start of the season, we hope that many people can join and enjoy this campaign".

Jam-packed bill of activities and discounts

From Formentera Astronòmica and Formentera 20 to Formentera Fotogràfica, cultural activities during the month of May abound. Sports-wise, the Marnathon and Half Marathon are just two of the events which tourists and islanders can enjoy. Moreover, three ferry companies are offering a 25% discount on ticket prices and sixteen participating lodgings will apply discounts of up to 20% on room rates or bonuses such as free breakfasts. A car rental and a diving company are offering discounts on their prices this May as well. For more information, visit [this section](#) of the Formentera tourism website.

Gastronomic Weekends

"Discover Formentera in May" back to attract visitors in low season

Tuesday, 26 April 2022 12:56

From 29 April to 1 May and 6 to 8 May (Friday, Saturday and Sunday), Formentera welcomes Gastronomic Weekends, a tasting initiative in which eight hometown restaurants serve up gastronomic meals at a set price of €25 (drinks not included).

The meals are designed especially for the occasion, with some restaurants offering traditional fare and others deploying creative vision and delivering updated takes on standard classics. Complete details are available [here](#).
