

The Formentera Office of Agriculture is pleased to present its most recent catalogue of training courses in agriculture and livestock: five courses to take shape between October and December 2022. Registration is now open at the Citizen Information Office (*Oficina d'Atenció a la Ciutadania, OAC*) and online through the Virtual Citizen Information Office (*OVAC*).

Councillor Josep Marí explained, "To meet demand from the agricultural and livestock sector we have prepared a range of vocational training courses to be held here on Formentera and free of charge". See below for the full course offering.

Basic-level professional use of plant protection products. 17-22 October 2022 (25 h)

Basic-level use of plant protection products (complementary). 24-25 October 2022 (7 h)

Professional use of plant protection products (bridge course: basic-qualified). 2-11 November 2022 (35 h)

Closed-loop production: cereals, sheep, fodder and local crop varieties. 1-2 December 2022 (10 h)

Organic livestock farming: safe handling guidelines. To be confirmed (4 h)
