

Cemetery open

Tuesday, 05 May 2020 13:21

The Formentera Department of Social Welfare reports that the Sant Francesc cemetery has opened anew for its normal operating hours, Monday through Sunday, from 9.00am to 9.00pm.

In addition, per the latest ministerial orders on vigils and burials during phase 1 of confinement easing, public and private wakes are now permitted whether facilities are open air (up to 15 mourners) or enclosed (no more than 10).

Participation in funeral processions is limited to 15 individuals. These can be family members, close relations and a representative of a religious institution overseeing funeral rites.

The Consell reminds islanders that, in the interest of Covid-19 prevention, hygiene and safe, two-metre social distancing measures must still be respected.
