

The Formentera Office of Social Welfare (*Conselleria de Benestar Social, CBSF*) has launched an emotion management programme for schoolchildren aged 3 to 12. These workshops will take place between February and June in three schools on the island: La Mola Primary School, Sant Ferran de ses Roques Primary School and Mestre Lluís Andreu Primary School. CBSF social educators will lead this programme and it will include nine 4- to 5-session workshops for each of the kindergarten and primary education classes. The content of the workshops will be adapted to the particular characteristics of each group.
