

This year for the week immediately preceding Christmas day, the Formentera Council's office of youth services has organised Diverespai. With a host of different activities and inflatable games, the installation is a favourite for children ages 3 to 12.

The supervised play activities at Diverespai will run from 17 to 21 December, from half-past nine in the morning to half-past one at midday and then again in the afternoon from four to eight. The temporary set-up will be mounted next to the sports facilities at the IES Marc Ferrer secondary school and a staff of day counsellors will be on hand to assure the safety of all. The first three days of the week will be reserved for visits from Formentera schools.

Inflatable toys at Diverespai range from castles, giant animals, staircases, nets and obstacles – all devised to make the course more exciting. Staff on site will also lead different themed workshops like face-painting and arts & crafts.
