The Office of Youth of the Consell de Formentera is pleased to announce the activities organised at the Casal de Joves during the month of May. Tomorrow, 3 May, the youth drop-in centre programme begins with a film screening. In fact, on Sunday 24 May there will also be another evening of sofa, movies and popcorn with a theme chosen by Casal youth.

Vanessa Parellada, youth councillor, said that the young people at the Casal will make a mural with Formentera Film Festival on 16 May. "With this great activity, FFF will introduce young people to the world of audiovisuals and make them active participants", said Parellada.

From 6.30pm, Ricardo Cavolo, creator of the FFF 2023 illustration, will make a mural outside the Casal de Joves and a video of the creative process will be made too. Plus there will be music from Baby Milo - DJ Set and, from 9.00pm, the event will continue with a screening of the official youth session and selection of the winning short film.

Another standout feature of the programme is a bike ride and picnic on 27 May. Other proposals include an evening of art, a jump rope tournament, yoga, a sticker workshop, the "hand and foot" game, preparing strawberries and cream, a spin art game and acrobatics workshop.
