

American painter and local resident Robert P. Hawkins has offered the Consell de Formentera four of the works featured in "Dibuixos i pintures del quiosc de n'Anselmo" this September at the Centre Antoni Tur 'Gabrielet'. Today President Ana Juan signed an agreement with the artist, who has exhibited work on the island since 1982, and praised Hawkins for his "lifelong artistic and human contribution to Formentera". Hawkins donated "Construction Anselmo I", "Construction Anselmo 11", "Tots junts" and "Sobre taula".
