The Office of Equality of the Consell de Formentera is collaborating with the NGO Wanawake Mujer in "The Status of Girls and Women in the World" (*La situació de les nenes i les dones en el món*), a virtual exhibition that reflects on the reality of millions of girls and women around the planet.

In an interactive way, the exhibition highlights the challenges and responsibilities that society faces around equality, as well as how to address inequality in the world.

The exhibition can be found on the Consell de Formentera website in Catalan (https://expoigualdad.org/catala/) and Spanish (https://expoigualdad.org/castellano/).
