

The CiF patrimony office has announced the launch of a service to give islanders access to the island's library of images and sound, AISF (in Catalan, *Arxiu d'Imatge i So*). The new service will also provide information about other sound and image archives containing Formentera-related material.

Starting 13 September, the service will be available from 10.30am to 1.30pm at the AISF head office on the first floor of the Marià Villangómez library (carrer de Pius Tur Mayans, 14, Sant Francesc Xavier). Islanders are invited to contact the service by phone or e-mail as well, by calling 971 322 386 or sending an e-mail to arxiuimatgeiso@conselldeformentera.cat.

Individuals are also encouraged to use the office's advisory service for inquiries concerning their own photo, sound and audiovisual collections.
