“Cine a los cuatro vientos” is a cultural project of the City of Soria International Short Film Festival that supports cinema by bringing SIFSF shorts to audiences across Spain.

Now in its eighth year, the one-time partner of the Posidonia Festival has joined forces with Casa del Poble de la Mola and Formentera Film Festival to present a selection of short films and a parallel programme that includes screenings at schools.

From next week, island audiences can enjoy 16 shorts from Spain and farther afield that have wooed crowds at the Soria Film Festival, Goya Awards, Oscars and numerous festivals around the globe. Shorts in this year’s programme are categorised as Fiction, Animation or Documentary and hail from France, Brazil, Spain, Norway, Morocco, USA, Canada and Colombia.

Screenings are scheduled 25, 26 and 27 November at the Casa del Poble de la Mola. Each session lasts ninety minutes and reservations are required (info.espaifrumentaria@gmail.com).

The Formentera edition of Cine a los cuatro vientos is made possible by support from Formentera Film Festival, Espai F, Consell Insular de Formentera, Mediterrània Pitiüsa, Proauto and Moto Rent Pujols.
