

Sant Ferran resident Francisca Ferrer Ferrer will be showing her tapestry collection at the Centre Antoni Tur 'Gabrielet' from Monday 19 July.

Born on Formentera, Francisca developed her interest in fabrics while running a clothing and accessories shop on the island from 1994 to 2017. Shortly before entering lockdown, she began to machine- and hand-sew nature-themed tapestries, slowly incorporating more general themes like landscapes and traditional local architecture.

The exhibition will be on display 19–25 July from 11.00am to 2.00pm and 7.00pm to 10.00pm.
